

The Bulletin.

THE RIVER.

Business conditions fair. The St. Joseph leaves for Memphis this afternoon. The Cumberland is again falling with seven feet on Harpoh Shoals. The river has fallen seven inches since last report. The Edinburg received 250 sks oats for Memphis. The Robt Burns received 60 tons for Memphis and way points, and refused freight. The Olive Branch cleared at 3 p.m. yesterday after receiving 400 tons here. The Colorado discharged 740 bales cotton for shipment East per rail. The Jas. Fisk, Jr., keeps the Sabbath. She leaves here every day, except that one, for Paducah. The City of Quincy discharged here 91 hds sugar, 132 hds molasses for shipment North per rail. The Ohio is stationary at Pittsburg with five feet water in the channel. It is falling at Louisville with seven feet scant in the chute down the falls. The City of Chester discharged considerable cotton and other freight for the I. C. R. R. and 620 bales cotton for shipment to Evansville per packet, whence it will be shipped East per rail. The Mississippi is still falling slowly at St. Louis, but the channel depth to that city remains about the same—nine feet. There is an abundance of water from Cairo to the Gulf for any thing that floats on our western waters.

The weather yesterday was cloudy and cold. The thermometer indicated 24 deg. at daylight, and the mercury did not rise to more than 44 degrees during the day. A light rain commenced falling about 4 p.m. and continued until our report closed.

The Quickstep brought out 18 hds tobacco, 108 lard tins, 62 hds whisky for shipment to St. Louis, 300 sks oats, 210 sks bran, 21 hds meat, 25 hds flour, ten tons sundries for shipment to various points South, but principally to Memphis, and the following for Cairo:—B. S. Harrel, 18 dozen chairs, 6 barrels, W. M. Davidson, 5 sks coal.

RECOMMENDATIONS FOR THE SEASON. Thousands regard the winter as a season of trials; and the truth is, that if there is a weak point in the system, winter is pretty sure to find it out. Constitutional tendencies to disease are generally aggravated by cold, and rheumatism sometimes lies in wait all the summer and fall, to pounce upon its victim in the season of cold. As a means of fortifying the body against all the diseases which prevail most extensively in winter, Hostetter's Stomach Bitters cannot be too highly recommended. There would be fewer cases of the pulmonary complaints leading to consumption, fall fevers, diphtheria, etc., if during the winter a course of this tonic and alterative was taken. Coughs, colds, indigestion, torpidity of the liver, and a general sluggishness of the system, very generally prevail at this period of the year. To all these ailments experience (the most trustworthy of all mentors) teaches us that the Bitters is a tonic remedy. Warm clothing is a good external defense against atmospheric cold and moisture, but vigorous activity in the vital organization which generates heat and delivers it to the surface, is also essential to health, and this activity is secured through the operation of the Bitters. The skin sympathizes with the stomach, and if digestion is regular and perfect, the exterior circulation will be brisk, and danger and cold may be encountered with comparative safety.

To which she particularly invites attention.

Dr. Hooffland's Podophyllin Pills.

Two Pills a Dose.

The most powerful, yet Innocent Vegetable Cathartic Known.

It is not necessary to take a handful of these pills to produce the desired effect, two of them act quickly and powerfully, clearing the system of all impurities. The principal ingredient is Podophyllin, or the alcoholic extract of Mandrake, which is by many times more powerful, acting and searching than the Mandrake itself. Its peculiar action is upon the liver, clearing it speedily from all obstructions, with all the mercury, yet free from the injurious results attached to the use of that mineral.

For all diseases, in which the use of a cathartic is indicated, these Pills will give entire satisfaction in every case. They have a safe.

In cases of Liver complaint, Dyspepsia, and extreme constiveness, Dr. Hooffland's German Bitters or Tonic should be used in connection with the Pills. The Tonic effect of the Bitters or Tonic is upon the system. The Bitters or Tonic purifies the blood, strengthens the nerves, sweetens the liver, and gives strength, energy and vigor. Keep your bowels active with the Pills, and none up the system with the Bitters or Tonic, and no disease can gain a foothold, or ever again assail it. These Remedies will be sent by express to any locality, upon application to the PRINCIPAL OFFICE, THE GERMAN MEDICINE STORE 433 ARCADE ST. ST. LOUIS, MO.
